Projects

Swipeking It is a E commerce website for purchase any product with a single click.The main advantage of the website is less time consume.
E-learning It is a education website for online class.The main advantage of the website is we can access note from anywhere without go to class .
SmartPermit SmartPermit is a user-friendly building construction permission system designed to streamline and digitize the permit approval process. It leverages advanced technologies like AI-powered document verification and real-time tracking to ensure accuracy, efficiency, and transparency. With features such as responsive design, mobile-friendly offline applications, fast approvals, and integration with local government systems, SmartPermit simplifies the traditionally complex permit process. By providing a secure, efficient, and accessible platform, it enhances user experience for applicants and authorities while ensuring smooth project management.
